

CAROLINA CAD Works

Why outsource CAD drafting services to Carolina CADWorks?

Whether your workload exceeds capacity or your company can't justify staffing a full-time drafting position, outsourcing CAD services is a very cost effective solution. When you consider the cost to retain a permanent employee - salary, benefits, hardware, software and training - vs. the expense of contracting with the pros at Carolina CADWorks, the value is clear:

The average annual cost of a staff Sr. CAD Drafter in the construction industry in Greenville, SC*:

Salary	\$47K
Benefits	\$22K
Software, Hardware & Training	\$ 7K
TOTAL	\$76K

Carolina CADWorks
Contract Charge **\$40/Hour**
